

DUOMAX Installation Manual Supplement

COMPATIBLE DUOMAX CLAMPS

The table below denotes third party clamps have been approved and deemed compatible for use with Trina Solar DUOMAX modules. These complement the recommended portfolio of Trina Clamps. Notwithstanding the approval of compatibility, Trina Solar assumes no liability for damages to or deterioration of the modules or any damages to objects or persons caused by clamps or due to failure or malfunction of clamps which are not covered by the applicable Trina Solar Limited Warranty. Loading PAs indicated in the list are for reference only and when in doubt, please contact to Trina representative.
